In our art work the fibres used vary greatly, as do the techniques we use. Works using fibres may include stitched art quilts, paper, felting with wool rovings, 3-D creations, mixed media using paints, dyes, beading and many types of hand embroidery. As stitchers focusing on traditional embroidery, you may enjoy seeing ways to expand your stitching horizons and the scope of your needlework. Come and be inspired !

And make it a day in beautiful Bronte harbour.....see our show; enjoy lunch at one of the harbour restaurants, and visit shops for clothes homeware, antiques , wool rovings and even a bead shop nearby in Burlington.
